VCOSS Strategic Plan 2021–2024

Vision

• A Victoria free from poverty and disadvantage

Purpose

Wellbeing for all Victorians and their communities

Principles

- Good living standards and prospects for all Victorians
- Support for Aboriginal self-determination
- Inclusive of all Victorians as equals without discrimination
- Independent and non-partisan

Enablers

- Our people, culture and behaviours
- Best practice governance
- Listening to, learning from and amplifying the experience and insight of VCOSS members
- Harnessing the lived experience of people affected by poverty and inequality, primarily through VCOSS members
- High quality policy informed by evidence

We translate We foster a strong knowledge into action and collaborative through research, VCOSS membership evidence, working and Victorian We strive to ensure with our members community that the community and others to enact sector We forge sector is fairly funded change partnerships with and can thrive in people, organisations a competitive and institutions to A dership environment effect change We are a powerful and trusted voice A Victoria advocating for a Victoria free from free from poverty poverty and and disadvantage disadvantage Inclusive and sustainable growth Wellbeing for all We work Thriving committee relentlessly to Victorians and their prioritise wellbeing communities and inclusive growth to create prosperity for all We champion the We aim for thriving impact of investing and empowered in natural capital, social communities across capital, human capital, people, places and and financial and physical generations, including We prioritise We elevate priorities capital to eliminate poverty future generations strong, place-based for intergenerational and disadvantage for outcomes to benefit community services
